Dept of Computer Engineering

01.03.24

Department offers an open elective course on Android based development. However it does not have adequate lab component. This course deals with mobile application development and is directly related to employability skills.

It is therefore requested that some industry expert may be called for imparting the necessary industry standard technical skills to III B.Tech & I M.Tech. students (approx 115).

Mr. Akshay Mandloi has been working in this area for past many years and runs a software company Vasnan Information Technology up. He has agreed to conduct a workshop for approx. 15 hours where students would be doing hands-on practice on the topics in real time. This will benefit the students in gaining a new technical skill and will help in employability also.

The proposed workshop will be held from 04.03.24 to 07.03.24 (from 2pm to 7pm everyday).

It is therefore requested that an honorarium of Rs 3000/-+TA per day may be approved from Departmental Budget under head of Training, Travel & skill development of staff & students Submitted for approval pl.
