# NATIONAL CADET CORPS

The National Cadet Corps is the Youth Wing of the Armed Forces with its Headquarters in New Delhi, India. It is open to high school and college students on a voluntary basis.

The National Cadet Corps is a Tri-Services organization, comprising the Army, Navy, and Air Wing, engaged in grooming the youth of the country into disciplined and patriotic citizens. The National Cadet Corps in India is a voluntary organization that recruits cadets from high schools, colleges, and universities all over India. The cadets are given basic military training in small arms and parades.

The officers and cadets have no liability for active military service once they complete their course. The NCC is the world's largest uniformed youth organization. Its motto is "Unity and Discipline".

The NCC in India was formed by the National Cadet Corps Act of 1948. In 1954, the existing tricolor flag was introduced. The three colors in the flag depict the three services in the Corps; red for the Army, deep blue for the Navy, and light blue for the Air Force. The NCC is headed by a Director General with the rank of Lieutenant General.

The organizational structure continues as follows:

- Directorate-There are 17 directorates located in the state capital, headed by an officer of the rank of a major general from each of the three services.
- Division/Regional Corps-There are three such specialized corps located in Mumbai, Delhi, and Bangalore, respectively. They are independent of the state directorate and report to the HQ. These divisions form the support function of the regular NCC. Each is headed by a Senior Under Officer—an equivalent rank to that of a Lieutenant General.
