

SHRI GOVINDRAM SEKSARIA INSTITUTE OF TECHNOLOGY AND SCIENCE,
INDORE, MP

Department of Applied Chemistry

Internship Program

The Department of Applied Chemistry invites **Undergraduate (UG)** and **Postgraduate (PG)** students to apply for its **Internship Program** in the fields of **Chemical Science** for the academic year **2025–2026**.

This program is an excellent opportunity for students to enhance their academic learning with **practical experience**, gain exposure to **cutting-edge research**, and build skills relevant to industry demands. Internships are offered for flexible durations ranging from **2 months to 1 year**, based on the academic requirements, project scope, and student interest.

Key Features

- **Skill-Based Learning** tailored to current industry standards
- **Hands-on Training** in advanced laboratories and research centres
- **Real-Time Research Exposure** with on-going institutional projects
- **Industrial Collaborations** for practical insights and project work
- **Interdisciplinary Projects** across various departments and domains
- **Mentorship** under experienced faculty and industry professionals
- **Certificate of Completion** issued upon successful evaluation

How to Apply

Students are advised to directly **contact to the respective department** or

Mail to: ngupta@sgsits.ac.in (9926497917), uraghuvanshi@sgsits.ac.in (9827067531)
